

## ATTENTION PATIENTS HERE FOR PREVENTATIVE EXAMS:

If you are here for a scheduled preventative medical exam (i.e. well-visit or yearly physical exam) this visit will be submitted as a preventative exam to your insurance. Depending on your health plan's policy, your insurance may or may not cover this visit. Not all insurance companies cover preventative visits.

If during the course of your preventative exam, the provider addresses and documents a problem-related issue (i.e. hypertension, depression, diabetes, pain, acne, etc.) you may also receive an office visit charge as well.

Lastly, the provider assigns codes according to the services he provides. The provider cannot alter the coding submitted to your insurance in order for your insurance carrier to make payment. If you have any questions regarding your coverage please contact your insurance company.
